

## Nationally Recognized

Today, more than 26 states, the District of Columbia, and the federal government have Certified Public Manager (CPM) Programs. CPM programs are accredited through the National Certified Public Manager® Consortium. Illinois is a member of the Consortium and has representation on the Board. The Consortium establishes the requirements for the Certified Public Manager credential, which CPMPI graduates receive upon successful completion of the program.

## Certified Public Manager Program of Illinois

Certified Public Manager Program of Illinois (CPMPI) is a nationally recognized professional development program designed specifically for public sector managers and leaders. This unique, training program provides cost-effective, practical, job related instruction that can be used immediately to deal with real life organizational challenges.

To meet the high performance demands of today's public sector and to keep up with the evolving needs and requirements of the public sector of the future, The Certified Public Manager Program of Illinois (CPMPI) incorporates a Competency-Based Portfolio Learning approach to teaching and learning. This approach to professional development is designed to provide the public manager professional with the essential knowledge, skills, and attitudes needed to be a successful public manager in the 21st century.

## Meeting the Needs of the Public Sector in 21st Century

CPMPI participants receive 300 hours of structured learning that develops competencies in eight core areas:

- ★ Leadership and Ethics
- ★ Effective Supervision
- ★ Building Effective Partnerships
- ★ Cultural Competency
- ★ Human Resource Management
- ★ Program/Project Management
- ★ Organizational Management Effectiveness
- ★ Public Policy and Administration

*CPMPI real world approach gives you the tools and experience you need to excel.*

## The Public Manager Professional

CPMPI is open to anyone interested in improving existing or gaining new management skills. Both participants and organizations benefit through:

- Enhancing leadership strengths and increasing personal effectiveness
- Opportunities to apply what has been learned
- Developing management and leadership competencies
- Creating a pool of competent, trained managers ready to meet real world organizational challenges
- Networking and exploring what works with other professional public managers and learning from and with representatives of other nonprofit and governmental agencies across the state and nationally.

CPMPI supports the unique professional development needs of the Illinois public manager in the 21st Century, providing a dynamic learning environment that facilitates the emergence of new and innovative ideas, approaches, and practices in the field of public management.

*Learning from and with other public manager professionals.*
